

OHA ANNUAL MEETING 2023

ENERGY & SUSTAINABILITY TRACK SCHEDULE

Day	Time	Presentation Name	Description	Presenters
Tuesday	8-9 a.m.	ESG in the Hospital Industry: What it Means and How it Works	This program will explain what ESG is and describe this hot (and sometimes politically charged) trend in the for profit world as applied in the hospital industry, especially for non-profit hospitals.	James F. Flynn, JD, managing partner, Bricker & Eckler LLP Cliff Deveny, MD, president & CEO, Summa Health Robert Gerberry, JD, senior vice president & chief legal officer, Summa Health
Tuesday	9:45-10:45 a.m.	Culture Transformation: Championing Energy Efficient and High-Performance Operations	Many organizations set ambitious goals to reduce its carbon footprint, but that is just the first step – moving from aspirations to implementation is essential. Bon Secours Mercy Health and HEAPY will share how a large health care ministry sets system-wide sustainability goals, benchmarks and tracks performance data, supports learning and implementation.	Abhishek "Abhi" Bathula, CEM, director, Energy Management & Sustainability, Bon Secours Mercy Health Stephanie Drenten Ferro, CEM, CxT, project manager, Building Optimization, HEAPY
Tuesday	2-3 p.m.	Ohio EPA's Recycling and Sustainability Unit Services	Come learn more about the tools and services Ohio EPA's Recycling and Sustainability Unit has to offer. This session will discuss Ohio EPA's Recycling and Litter Prevention grant program, the Encouraging Environmental Excellence Award program, the Ohio Materials Marketplace and our pollution prevention and compliance assistance services.	Rachael Dininger, environmental specialist II, Ohio EPA Marie Barnett, grants administrator, Ohio EPA Jessica Dalzell, environmental specialist II, Ohio EPA
Tuesday	3:15-4:15 p.m.	ESG Trends for Health Systems	This session will focus on current ESG trends within health care. This will include items such as attention from bond rating agencies as well as others. Additionally, we will discuss the common themes and processes for reporting efforts between ESG, health equity and community benefits.	Lori Kalic, CPA, healthcare industry senior analyst & audit partner, RSM US LLP Matt Wolf, director and health care senior analyst, RSM US LLP
