

OHA ANNUAL MEETING 2023

FACILITIES MANAGEMENT TRACK SCHEDULE

Day	Time	Presentation Name	Description	Presenters
Monday	8-9 a.m.	Safety & Infection Prevention Compliance During General Maintenance and Construction Activities	We've all heard acronyms in the health care safety and infection prevention world, such as: ICRA, PCRA, ILSM, etc., especially when discussing construction, demolition, renovation and general maintenance activities. This session will provide an overview and detail discussion around maintaining regulatory compliance with local, state and federal (TJC/CMS) requirements for a safe and infection free construction/maintenance program.	Matthew Akers, MBA, CHSP, system manager, Safety & Emergency Management, OhioHealth Ashley Ernst, MPH, CIC, Infection Prevention, OhioHealth
Monday	9:45-10:45 a.m.	Key HVAC Risk Factors Impacting Facility Operation & Sustainability	Participants will be provided innovative solutions for energy and sustainability. Learn how artificial intelligence is being used to enhance HVAC operations.	Jake Kuhn, account executive, Gardiner
Monday	2-3 p.m.	Maintaining Water Quality with Monochloramine Supplemental Disinfection	Monochloramine supplemental disinfection was installed on the incoming cold-water supply of a dental clinic to help control the growth of opportunistic waterborne pathogens throughout the building's water distribution system. With a focus on Legionella bacteria control, the facility also monitored heterotrophic plate counts, or HPC, on faucet fixtures and dental lines.	Hilary Nardone, MPH, senior permitting manager, Barclay Water Management, Inc.
Monday	3:15-4:15 p.m.	Construction Cost Escalation and Supply Chain Issues	Presenters will discuss cost escalation and supply chain issues across the various construction delivery models and risk management through contract terms.	Laura Bowman, JD, partner, Bricker & Eckler LLP Samuel Lewis, PE, SE, associate, Bricker & Eckler LLP
