

Webinar

CMS/ONC INTEROPERABILITY RULES

Host by: the Ohio Hospital Association.
Presented by: Bricker & Eckler, LLC

2-PART WEBINAR SERIES

Sept. 15 and 24

Noon – 1 p.m.

OHA Members Only

OVERVIEW

OHA is joining with Bricker & Eckler LLP to host a new 2-part webinar series on the Centers for Medicare & Medicaid Services and the Office of the National Coordinator for Health Information Technology Interoperability and Patient Access final rule. This series will assist OHA member hospitals with implementing and complying with the new federal rule governing the ability of health information systems to work together within and across organizational boundaries.

The rules aim to ensure that every American can, without special effort or advanced technical skills, see, obtain and use all electronically available information that is relevant to his or her health and care. The rules cover data sharing to advance care continuity, patient access to information and prevention of information blocking.

WHO SHOULD ATTEND

This series is designed for OHA member hospital legal counsel and staff members in finance, government relations, compliance and risk management.
