MEDICARE 101 WEBINAR SERIES

Presented by the Ohio Hospital Association.
Provided with the support of OHA corporate partners.

3-PART WEBINAR SERIES
Aug. 18, Aug. 27 and Sept. 2

OVERVIEW
Representatives from the Ohio Hospital Association and PYA, P.C. will present a popular educational program on the fundamentals of Medicare payments and reimbursements, including cost-based methodologies, prospective payment systems, fee schedules, cost reporting, audits, and legal compliance. In addition, new to this year’s program, the webinar series will include two additional sessions covering: Medicare’s quality-based payment programs, linking quality to reimbursement; and Medicare Advantage basics and specific contracting topics.

With the generous support of OHA corporate partners, this three-part webinar series is COMPLIMENTARY to all OHA members.

WHO SHOULD ATTEND
This series is designed for OHA member hospital trustees and hospital staff in finance, cost reporting and audits, compliance, patient relations, hospital legal counsel, public relations and communications, managed care contracting, government relations and health information management, nursing management and leadership.
SESSIONS & PRESENTERS

AUG. 18, 11 A.M. – 1 P.M. (ET)  
PART I – “MEDICARE FUNDAMENTALS”

Kathy A. Reep | Business Development and Compliance Advisory, PYA, P.C.
Part I of this series will look at the fundamentals of Medicare payment, including a brief look at the history of the program and the outlook for the future. The in-depth discussion of provider payment methodologies will provide an opportunity for attendees to:

- Understand the differences between cost-based, fee schedule, and prospective payment systems
- Explore the development of the Medicare wage index and its influence on overall reimbursement
- Apply the key components of a prospective payment system to various hospital services, with a focus on inpatient acute and outpatient reimbursement

AUG. 27, 11 A.M. – 12:30 P.M. (ET)  
PART II – QUALITY-BASED PAYMENT REFORM – MOVING FROM VOLUME TO VALUE

Kathy A. Reep | Business Development and Compliance Advisory, PYA, P.C.
Part II of this series will focus on Medicare’s quality-based payment reform. The Affordable Care Act called for the implementation of a quality-driven payment system for the Medicare inpatient program. Hospitals have seen their reimbursement impacted by the value-based payment program, Readmissions Reduction program and payment implications of hospital-acquired conditions. The Centers for Medicare & Medicaid Services has expanded quality-based payment reforms across other payment systems—outpatient, physician, skilled nursing, inpatient rehab, and home health. Through this session, attendees will:

- Explore the components of these quality-based payment reforms and what changes are on the horizon
- Look at the measures adopted under these programs, how they are developed, and how care under the continuum (care provided both before and after admission by other health care providers) impacts a hospital’s quality metrics

SEPT. 2, 11 A.M. – 12:30 P.M. (ET)  
PART III – MEDICARE ADVANTAGE 101

Robert S. Paskowski, CPA | Consulting Principal, PYA, P.C.
Part III of this series will look at managed care under Medicare, called Medicare Advantage. The session will provide MA basics and explore the key differences between traditional Medicare and Medicare Advantage. Participants in this session will:

- Understand the basics and business model of MA
- Identify the key differences between traditional Medicare and MA
- Learn the process for risk adjustment under the Medicare Advantage program
• Understand the importance of Star Ratings on the payments made to the Medicare Advantage plans
• Describe strategies and contracting approaches in dealing with MA Plans and Medicare
