

# We've Got Your Back.

OHA members saved \$54.4 million

last year on state and federal unemployment taxes and surety bond premiums.

## SIGNIFICANT SAVINGS ON SURETY BONDS

OHA stands with our members and guarantees the first \$1.5 million of the hospital's liability. Additionally, OHA member hospitals pay only \$5 per \$1,000 for their bond.

## TAX SAVINGS WITH GROUP RATES

OHA members save significantly on unemployment taxes using the group rate available to hospitals participating in the statewide program. Currently, 190 Ohio hospitals employing nearly 215,000 Ohioans participate in the program.

## LIABILITIES REDUCED WITH MONITORING, CLAIMS MANAGEMENT

OHA dedicates two full-time professionals to monitoring and managing claims to assure hospitals are notified same day of all claims filings. This gives employers the maximum time to gather documentation ahead of the state's 10-day response deadline.

OHA files appeals and requests for hearings within two days of receiving the unfavorable determinations/redeterminations to save employers the cost of claimants collecting benefits four weeks longer than may be allowed.

## EXPERT SERVICE FOCUSED ON OHIO MEMBERSHIP

With five hearing consultants on standby, OHA provides a representative for all unemployment hearings. OHA coordinates preparation calls with witnesses, and all documentation from the employer and the claimant is shared via a precise Director's file.

OHA works only with hospitals and only in Ohio, so member claims are never deferred for other states' pressing deadlines.

## PEACE OF MIND

Each member receives a consolidated monthly report showing charges and remaining liability for each claimant. OHA works with the Ohio Department of Job and Family Services to resolve any discrepancies on charges.

### One Flat Fee

All services are available to OHA member hospitals for a flat fee of \$3.30 per each employee that employers have reported to the Ohio Department of Job and Family Services, on their second quarter wage report.

Let us give you a no-cost, no-obligation estimate.
